2. MAIN ACCOUNTING POLICIES

The main accounting policies applied in preparing these consolidated financial statements are described below.

2.1 PRESENTATION BASIS

These consolidated financial statements were prepared according to the International Financial Reporting Standards (IFRS), as applied in the European Union and in force on 01 January 2013.

The accounting policies applied on 31 December 2013 are identical to those applied for preparing the financial statements of 31 December 2012.

2.2 CONSOLIDATION

(a) Subsidiaries

Shareholdings in companies in which the group directly or indirectly holds more than 50% of the voting rights or has the power to control their financial and operational activities (definition of control used by the group) were included in these consolidated financial statements through the full consolidation method. Equity and net profit of these companies assigned to third-party shareholdings are presented separately in the "non-controlling interests" item in the consolidated statement of financial position and of comprehensive income. The companies included in the financial statements are listed in Note 5.

When losses impute to non-controlling interests exceed the non-controlling interest in a subsidiary company's equity, the non-controlling interest absorb that difference and any additional losses.

The purchase method is used to account the acquisition of subsidiaries that occurred before 2010. The acquisition cost corresponds to the fair value of the delivered goods, capital issued instruments and liabilities incurred or assumed on the acquisition date. The identifiable acquired assets and the liabilities and contingent liabilities taken into account in a corporate concentration will initially correspond to the fair value
